

SEE-ERA.NET

The Southeast European Era-Net SEE-ERA.NET is a networking project aimed at integrating EU member states and Southeast European countries into the European Research Area by linking research activities within existing national, bilateral and regional RTD programmes.

SEE-ERA.NET is financed by the European Commission and managed by a consortium of 15 institutions from 12 European countries.

The objectives of SEE-ERA.NET are

- to enhance research co-operation in Europe by fostering integration of Southeast Europe into the growing European Research Area
- to add value to existing bilateral S&T agreements through multilateral co-ordination
- to improve interregional research co-operation following the principles of the Stabilisation and Association Process in Southeast Europe
- to contribute to the EU-Balkan countries Action Plan in Science & Technology adopted at the Thessalonika Ministerial Conference in 2003
